About the Journal of Air Transportation World Wide

The *Journal of Air Transportation World Wide's* (JATWW) mission is to provide the global community immediate key resource information in all areas of air transportation. Our goal is to be recognized as the preeminent scholarly journal in the aeronautical aspects of transportation. As an international and interdisciplinary journal, the JATWW will provide a forum for peer-reviewed articles in all areas of aviation and space transportation research, policy, theory, case study, practice, and issues. While maintaining a broad scope, a focal point of the journal will be in the area of aviation administration and policy.

Development:

The JATWW was conceptualized to fulfill an international void of scholarly publications in this area as identified by the primary organizers. It is envisioned that aviation leaders will utilize the JATWW as a key decision-making tool. Scholarly rigor and standard will be uncompromised with regular evaluation by the Editorial Board and Panel of Reviewers.

Scope:

The JATWW will accept manuscripts on all topics that relate to air transportation, both technical and non-technical. The Panel of Reviewers represent the interdisciplinary nature of air transportation to ensure review by recognized experts. Broad categories of appropriate topics include, but are not limited to:

Aviation Administration, Management, Economics, Education, Policy,

Engineering, Technology, and Science

Intermodal Transportation

Aerospace Education and Flight

Airports and Air Traffic Control

Air Transportation Systems: Domestic, International, Comparative

Aviation/Aerospace Psychology, Human Factors, Safety, and Human

Resources

Avionics, Computing, and Simulation

Space Transportation Safety, Communications, and the Future

Other areas of air and space transportation research, policy, theory, case study, practice, and issues

Dissemination:

The JATWW is catalogued at key research libraries world wide, including the U.S. Library of Congress. It is also indexed in Aviation Tradescan, the National Research Council TRIS Index, and ERIC Resources in Education. In addition, the JATWW is available through inter-library loan at the University of Nebraska at Omaha Library and the Riga Aviation University in Latvia via accessing the

About the Journal of Air Transportation World Wide

global OCLC inter-library loan network. A permanent archive is maintained at the University of Nebraska at Omaha. Annual subscriptions are available for \$35 for individuals and \$68 for institutions. Add \$20 for subscriptions outside the U.S.A. Payments may be made by check or purchase order to the UNO Aviation Institute.

Host Organization:

University of Nebraska at Omaha (UNO) — Nancy Belck, Chancellor;
Derek Hodgson, Vice Chancellor for Academic Affairs

Co-Sponsor Organizations:

American Society for Public Administration — Van Johnston, Chair,
Transportation Section
Air Transport Research Group — Tae Oum, Chair
NASA Kansas Space Grant Consortium — David Downing, Director
NASA Nebraska Space Grant Consortium — Brent Bowen, Director
NASA Space Grant College and Fellowship Program, Aeronautics &
Space Transportation Technology Working Group — Julius Dasch,
Program Manager
Riga Aviation University, Latvia — Boris Heimanis, Rector
World Aerospace Education Organization — Kamal Naguib, Chairman

Supporting Organizations:

Aviation Institute, UNO — Brent Bowen, Director
Center for Public Affairs Research, UNO — Russell Smith, Director
College of Public Affairs and Community Service, UNO — David
Hinton, Dean
Department of Public Administration, UNO — B.J. Reed, Chair
University Library, UNO — Robert Runyon, Dean

JATWW Personnel:

Editor: Brent Bowen, Aviation Institute, UNO
Co-Editor: Igor Kabashkin, Riga Aviation University, Latvia
Assistant Editor: Fred Hansen, Aviation Institute, UNO
Manager, Technology-Based Educational Systems: Scott Vlasek, Aviation
Institute, UNO
Library Liaisons/Advisors: Carol Zoerb and Mel Bohn, University
Library, UNO
Publication Specialists: Joyce Carson, Layout and Melanie Hayes, Copy
Editor, Center for Public Affairs Research, UNO; Marian Gramlich,
Public Relations, UNO; Michaela Schaaf, Stylistic Reviewer, NASA
Nebraska Space Grant Consortium, UNO; Amanda Talmadge, Market-
ing Consultant

Panel of Reviewers

Reviewers are appointed by the Editor to represent all elements of aviation and space transportation scholarship and practice. An appointment to the Panel of Reviewers recognizes professional and academic achievement. For membership consideration, submit a curriculum vita or statement of interest to Dr. Brent Bowen, Editor.

The Editors

Brent D. Bowen

Dr. Brent Bowen is Director and Professor, Aviation Institute, Department of Public Administration, University of Nebraska at Omaha. Bowen attained his doctorate in Higher Education and Aviation from Oklahoma State University and a Master of Business Administration degree from Oklahoma City University. His Federal Aviation Administration certifications include Airline Transport Pilot, Certified Flight Instructor (Gold Seal), Advanced Instrument Ground Instructor, Aviation Safety Counselor, and Aerospace Education Counselor. Dr. Bowen's research on the development of the national Airline Quality Rating is regularly featured in numerous national and international media, as well as refereed academic publications. Dr. Bowen has in excess of 200 publications, papers, and program appearances to his credit. His research interests focus on aviation applications of public productivity enhancement and marketing in the areas of service quality evaluation, forecasting, and student recruitment/retention in collegiate aviation programs. He is also well published in areas related to effective teaching and has pioneered new pedagogical techniques. Dr. Bowen has been recognized with awards of achievement and commendation from the American Marketing Association, the American Institute of Aeronautics and Astronautics, the Federal Aviation Administration, Embry-Riddle Aeronautical University, the W. Frank Barton School of Business, the Travel and Transportation Research Association, World Aerospace Education Association, and others.

Igor Kabashkin

Dr. Igor Kabashkin is Vice Rector of Riga Aviation University, Latvia and a Professor in the Aviation Maintenance Department. Kabashkin received his Doctor Degree in Aviation from Moscow Civil Engineering Institute, a High Doctor Degree in Aviation from Moscow Aviation Institute, a Doctor Habilitus Degree in Engineering from Riga Aviation University and Latvian Academy of Science. His research interests include analysis and modeling of complex technical systems, information technology applications, reliability of technical systems, radio and telecommunication systems, and information and quality control systems. Dr. Kabashkin has published over 217 scientific papers, 19 scientific and teaching books, and hold 67 patents and certificates of invention.

Frederick Hansen

Frederick Hansen is a doctoral student in Public Administration at the University of Nebraska at Omaha. He received his Master of Public Administration degree from the University of Nebraska at Omaha and a Bachelor of Science degree in Aerospace Engineering from Iowa State University. He retired from the United States Navy after twenty-four years as a Naval aviator. Fred's interests include aviation safety, airport security, intermodal transportation planning, and research methodologies.
