| Field Name           | Description                                                                                                                                                                                                                             |
|----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| ModeOfTransportation | Mode of Transportation                                                                                                                                                                                                                  |
| AllTons              | Total Weight of commodities shipped( in 1000 tons)                                                                                                                                                                                      |
| HazmatTons           | Weight of hazardous material shipped( in 1000 tons)                                                                                                                                                                                     |
| HazPerct             | Percent weight of hazardous material shipped of the total commodities shipped.                                                                                                                                                          |
| NonHazardousTons     | Weight of non-hazardous material shipped( in 1000 tons)                                                                                                                                                                                 |
| NhPerct              | Percent weight of non-hazardous material shipped of total commodities shipped.                                                                                                                                                          |
| AllMiles             | Total ton-miles (in millions)                                                                                                                                                                                                           |
| AllMilesF            | Flag for AllMiles field. This field contains special notes for the corresponding field it flags. Value D denotes figures withheld, - represents zero or less than one unit of measure, S means data doesnot meet sampling standards.    |
| HazmatMiles          | Hazardous materials ton-miles (in millions)                                                                                                                                                                                             |
| HazmatMilesF         | Flag for HazmatMiles field. This field contains special notes for the corresponding field it flags. Value D denotes figures withheld, - represents zero or less than one unit of measure, S means data doesnot meet sampling standards. |
| HazPercnt            | Percent of Hazmat ton-miles                                                                                                                                                                                                             |
| HazPercntF           | Flag for HazPercnt field. This field contains special notes for the corresponding field it flags. Value D denotes figures withheld, - represents zero or less than one unit of measure, S means data doesnot meet sampling standards.   |
| NhMiles              | Non-hazardous material ton-miles (in millions)                                                                                                                                                                                          |
| NhMilesF             | Flag for NhMiles field. This field contains special notes for the corresponding field it flags. Value D denotes figures withheld, - represents zero or less than one unit of measure, S means data doesnot meet sampling standards.     |
| NhPercnt             | Percent of Non-hazmat ton-miles                                                                                                                                                                                                         |
| NhPercntF            | Flag for NhPercnt field. This field contains special notes for the corresponding field it flags. Value D denotes figures withheld, - represents zero or less than one unit of measure, S means data doesnot meet sampling standards.    |
